Tools & Others:	jQuery, AJAX, Font Awesome, PHP (Basics), Microsoft Office, Power BI, AI Prompting

## PROFESSIONAL EXPERIENCE

### Python Full-Stack Developer Intern

Has Soft Technologies

Nov 2024 - May 2025

6 Months

- Developed full-stack web applications using Python, Django, and modern frontend technologies
- Implemented database design and optimization techniques for improved application performance
- Collaborated with cross-functional teams to deliver scalable software solutions

- Gained hands-on experience in agile development methodologies and version control

**Python Programming Intern**  
CodSoft

July 2025 - Aug 2025  
1 Month

- Enhanced Python programming skills through practical project development
- Worked on console-based applications and automation scripts
- Developed problem-solving skills through algorithmic challenges

## KEY PROJECTS

---

### WriteOut - Social Media Debate Platform

- Developed a comprehensive social media platform for conducting topic-based debates
- Implemented user authentication, post creation, friend connections, and real-time commenting
- Features include debate support, argument tracking, and community engagement tools
- Built using Django backend with responsive frontend design

### The Creator - Revolutionary Content Platform

- Pioneered first-of-its-kind No Login Profile Building System
- Integrated AI-powered content summarization and auto-generated podcast features
- Developed dynamic content sharing platform with built-in text editor
- Implemented profile tracking without traditional authentication systems

### Published Python Packages

- Successfully published 3 Python packages contributing to open-source community
- Demonstrated expertise in package development, documentation, and distribution

### Tech TOOL KITS - Programming Learning Platform

- Created online programming learning platform with free course documents
- Developed interactive learning modules for various programming languages
- Implemented user-friendly interface for seamless learning experience

### NeuroBeat - AI-Based Music System

- Developed intelligent music recommendation system using machine learning algorithms
- Integrated AI capabilities for personalized music experience

## 🌟 CERTIFICATIONS (24 Certificates)

---

### Programming & Development:

- 📄 C Programming Certificate - ScholarHat (Feb 2025)
- 📄 C++ Programming Certificate - ScholarHat (Feb 2025)
- 🐍 Python Mastery Certificate - Scalar School of Technology (Nov 2024)
- ⚙️ React JS Bootcamp Certificate - LetsUpgrade (Feb 2025)
- ⚙️ React JS Projects Bootcamp - LetsUpgrade (Feb 2025)
- 🌐 Web Development Certificate - Udemy (Nov 2024)
- 🐘 Django Certificate - GeeksforGeeks (2024)

### Data Science & AI:

- 📄 SQL Mastery Certificate - Scalar School of Technology (Nov 2024)
- 🔍 Web Scraping with Python - Great Learning Academy (Oct 2024)
- 🗃️ ChatGPT Bootcamp Certificate - LetsUpgrade (Feb 2025)
- 🗃️ Prompting Certificate - SimpliLearn and SkillUp (Oct 2024)
- 🌐 Generative AI Essentials - Google (June 2025)
- 🌐 LLM Essentials - Google (June 2025)
- 🐼 Pandas for Machine Learning - Intellipaat (June 2025)

### Tools & Analytics:

- 📄 Git and GitHub Certificate - LetsUpgrade (Mar 2025)
- 📄 Alt CSS HackerRank Certificate - HackerRank (Mar 2025)
- 📄 PowerBI Data Analysis - WS Cube Tech (June 2025)
- 📄 Excel using AI Workshop - Office Master (June 2025)
- 📄 SQL With AI Workshop - AI for Techies (June 2025)

### Business & Management:

- 💡 New Product Development - Industrial Academia Community (Mar 2025)
- 📄 Digital Business Skills - HP Life (Sep 2024)
- 📄 Inventory Management - HP Life (Sep 2024)
- 📄 Python Developer Virtual Internship - Deloitte (June 2025)

## 💡 CORE COMPETENCIES

---

### Technical Expertise:

- Full-Stack Web Development
- AI/ML Implementation
- Database Design & Optimization
- Cloud Computing (Azure)

### Soft Skills:

- Problem Solving & Critical Thinking
- Team Leadership & Management
- Excellent Communication
- Time Management & Organization

### AI Integration:

- Certified Prompt Engineer
- Workflow Optimization using AI
- Quality & Quantity Enhancement
- Creative Problem Solving

## 🗣️ LANGUAGES

---

- 🌐 English - Professional Working Proficiency
- 🌐 Telugu - Native
- 🌐 Hindi - Conversational
- 🌐 Sanskrit - Basic

## 👤 PROFESSIONAL ROLES I CAN EXCEL IN

---

- 💻 Full-Stack Developer
- 🔍 Web Scraping Specialist
- ☁️ Cloud Engineer
- 📊 Data & Business Analyst
- 🤖 ML/AI Developer
- 📦 Digital Business & Inventory Management
- 🧠 Generative AI Specialist

## ★ EXTRA-CURRICULAR ACTIVITIES

---

- ❤️ Hindu Priest - Conduct devotional ceremonies, naming ceremonies, marriages, and milestone celebrations
- 👤 Community Leadership - Successfully manage both technical projects and religious ceremonies
- 🏡 Cultural Preservation - Actively involved in maintaining traditional practices and values

## WHY COMPANIES SHOULD HIRE ME

---

**AI-Powered Excellence:** As a certified Prompt Engineer, I leverage AI technologies to dramatically enhance workflow efficiency, delivering higher quality results in shorter timeframes.

**Innovation Bridge:** I excel at bridging the gap between creativity and programming, transforming innovative ideas into practical, scalable solutions that drive business growth.

**Proven Track Record:** With 75+ projects, multiple internships, and 24 professional certifications, I bring both depth and breadth of technical expertise.

**Continuous Learning:** My commitment to staying current with emerging technologies ensures that I bring cutting-edge solutions to every project.

**Versatile Skill Set:** From full-stack development to AI implementation, data analysis to cloud engineering, I offer multi-domain expertise that adds immediate value to any team.
